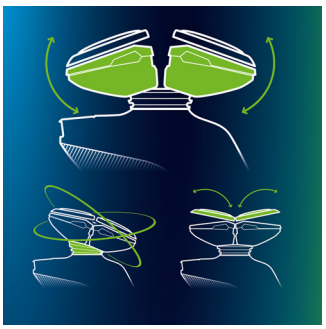
# Highlights

### GyroFlex 3D Shaver



GyroFlex 3D contour-following heads of the shaver adjust seamlessly to every curve of your face, minimizing pressure and irritation on your skin.

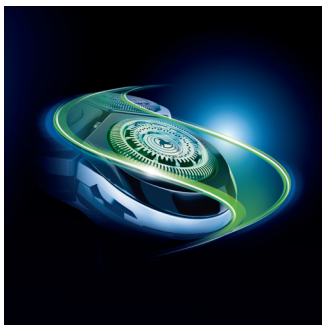
### UltraTrack Shaver Heads

Get a close shave that minimizes skin irritation. The shaving head has 3 specialized tracks: slots for normal hair; channels for long or flat laying hair; and holes for the shortest stubble on your face.

### Super Lift & Cut Action

The dual blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

### SkinGlide



The low-friction SkinGlide shaving surface of the electric shaver slides smoothly along your skin for a close easy shave.

### Numeric multi purpose display

The full numeric multi purpose LED display shows the remaining shaving minutes and also indicates when it needs cleaning, when you need a new head, when the battery is low or full and when the travel lock is on.

### Click-on cleansing brush pro

Longer lasting oil control than manual cleansing*. Simply click on the brush and give your skin a 1 minute deep clean, helping to deeply cleanse any oil. The brush can be used in combination with your own cleansing product.

### Precision trimmer

The unique skin friendly precision trimmer system is built to avoid unneccessary skin contact. Easy to use for perfect moustache and sideburn trimming.
